2012***

# Crime in Alabama

---

*Crime in Alabama 2012* represents a summary of the nature and extent of the crimes reported by local criminal justice agencies to the Alabama Criminal Justice Information Center's (ACJIC) Uniform Crime Reporting (UCR) program. State law mandates that all crimes are reported from state, county and local law enforcement agencies, and the statistics presented in this report are compiled from these reports.

Since the UCR program is designed to provide a snapshot of criminal activity in a specific geographical area rather than as a measure of a law enforcement agency's response to crime, it should not be used to evaluate or compare one agency with another. UCR is only one aspect of the activities and responsibilities of the law enforcement community, and the statistics presented herein are not intended to serve as the sole indicator of either the workload or effectiveness of the reporting agencies.

Crime in Alabama is an annual publication of the ACJIC Statistical Analysis Center (SAC). Requests for additional information may be directed to this office at the following address:

## *A Message from the Director*

*Crime in Alabama 2012* is the thirty-seventh annual report published by the Alabama Criminal Justice Information Center's (ACJIC) Statistical Analysis Center (SAC). This report concentrates on the more serious criminal acts, technically called Part I crimes, reported to the state Uniform Crime Reporting (UCR) program by the state's law enforcement agencies for calendar year 2012. Also included is an overview of the less serious offenses (or Part II crimes) as well as statistics regarding arrests and recovered property. We hope this report will provide a useful snapshot of crimes occurring in our state during 2012.

We hope our efforts to continue to provide quality services to the criminal justice community are helpful to you. ACJIC looks forward to our continued publication of *Crime in Alabama* and to future enhancements designed to improve public safety through the provision of accurate and timely criminal justice information.

Sincerely,

A handwritten signature in black ink that reads "Maury Mitchell". The signature is written in a cursive style.

Maury Mitchell  
Director  
Alabama Criminal Justice Information Center

## *Dedication*

---

This report is dedicated to Alabama's law enforcement officers who protect and defend the citizens of this state. In particular, we would like to honor the memory of Alabama's peace officers who lost their lives in the line of duty in 2012.

## *Preface*

---

The 2012 Crime in Alabama report is intended to inform law enforcement officials and private citizens of criminal and law enforcement activity in Alabama.

The data in this report is used for analyzing crime problems inherent in the criminal justice system and as a foundation for planning and budgeting. Geographic areas covered in this report include the State of Alabama, county and city strata.

Since the Uniform Crime Reporting (UCR) offense and arrest data are the basis of this report, it must be noted that other factors affecting crime, such as age, sex, and race of the population, economic conditions of the area, transient population, culture, education, climate, attitudes of the victims toward crime and police, and crime reporting practices of the citizens, are not measured by UCR. Therefore, it is difficult to draw conclusions or make valid comparisons between various jurisdictions by using only the crime and arrest data in this report.

The Alabama Criminal Justice Information Center (ACJIC) would like to extend our appreciation to law enforcement agencies – sheriff's departments, municipal police departments, and campus police – for their cooperation in the UCR program.

## *Introduction*

---

In October of 1975, Act 872 passed both houses of the Alabama Legislature creating and establishing the Alabama Criminal Justice Information Center (ACJIC) which is commissioned to collect, store, retrieve, analyze, and disseminate criminal justice data. Inherent in ACJIC is a "uniform crime reporting system for the periodic collection and analysis of crimes reported to any and all criminal justice agencies within the state." (Act 872, Section 9, 1975)

With the passage of this bill, mandatory reporting was required of law enforcement agencies in Alabama. Prior to 1976, law enforcement agencies participated in the FBI's Uniform Crime Reporting Program (UCR) on a voluntary basis. Since mandatory submission, there has been a 185% increase in UCR reporting.

The Alabama UCR program functions in accordance with the FBI's UCR standards of operation. These standards of operation specify a uniform data collection device and quality control procedures which provide viable crime statistics for accurate indication of crime and crime trends.

ACJIC implemented an incident based reporting system as an alternative to UCR summary reporting in 1977. This Incident Based Reporting (IBR) System also provides a self-contained internal record keeping system for the agency. IBR is a voluntary system with 99% of Alabama's agencies participating. This reporting program is more detailed providing greater potential for services, analyses, and resource studies by both the individual agency's crime analysis units and ACJIC.

In 1986, ACJIC organized a 32-person UCR Committee to review the IBR report forms. This committee was made up of law enforcement personnel from small, medium and large police departments and sheriff's departments, computerized agencies, the FBI, and the Bureau of Justice Statistics (BJS). The committee reviewed and analyzed the ten year old forms and decided that enhancements were needed. The IBR report forms were redesigned with input from Alabama's local agencies. In 2006, these forms were re-designed to conform to the FBI's Nation Incident Based Reporting System (NIBRS). The new forms became the official state forms in 2010.

On January 1, 2010, the ACJIC Commission enacted a rule requiring electronic submission of Alabama Uniform Crime Reporting (UCR) data. ACJIC provides Alabama law enforcement agencies with electronic submission requirements. ACJIC also provides the Alabama UCR Local Template for Reporting and Analysis (ULTRA) to requesting law enforcement agencies at no cost to allow them to submit reports to the state UCR repository via this secure, web-based ACJIC application. Training and assistance also is provided to these reporting agencies to help answer any questions which may arise regarding reporting, crime classification and clearance data.

## *Crime and Arrest Data*

---

Valid crime data can provide a solid foundation for statistical analyses, management-oriented analyses and crime breakdowns. These analyses can then aid local police departments in laying out patrol districts, assigning patrol units, and designating community education programs.

Data used in this report are provided by the Crime Statistics and Information (CSI) Division of the Alabama Criminal Justice Information Center (ACJIC). ACJIC's data center houses the official state repository for reported arrests and offenses, and the CSI Division has the responsibility of collecting and disseminating crime data. In 2012, approximately 350 agencies reported known offenses to Alabama's UCR; over 99% of Alabama's law enforcement agencies submitted Incident Reports.

Through a mandate of Congress, Arson is counted as a Part I Offense. So as not to distort crime trends in Total and Property Crime indices, Arson totals will not be included in these sections but will be included in a separate section following property crimes.

Crime data are obtained from the Part I Index of Offenses submitted by law enforcement agencies to Alabama's UCR program. These Part I Offenses are divided into Violent Crime and Property Crimes.

Violent Crimes include Homicide, Rape, Robbery, and Assault. These crimes are considered violent inasmuch as they are offenses perpetrated against a person(s) with a high risk or injury or death to the victim(s). Property Crimes are comprised of Burglary, Larceny, Motor Vehicle Theft, and Arson\*. Property or Nonviolent Crimes lack the aspect of force and/or bodily harm to the victim(s).

Clearance and arrest data are also reported to Alabama's UCR. A crime is considered cleared, either by arrest or by exceptional means, when enough evidence is found to charge a suspect and take him/her into custody. It is conceivable that one arrest could clear several offenses or that several arrests could clear one offense. The clearance rate is achieved by taking the number of clearances over the number of crimes reported:

$$\text{CLEARANCE RATE} = \frac{\text{CLEARANCES}}{\text{REPORTED CRIMES}}$$

This report is a composite picture of crime and law enforcement activity in Alabama for 2012. It provides a breakdown for the State and localities participating in the UCR program. The report concentrates on the Index Crime of the FBI's Part I Offenses and offers tabular and narrative formats for comparisons, trends, rates, and percent changes.

\*A separate section on arson will be included in this report.

## Definition of Terms

---

Term	Definition
Adult	the UCR system defines adults as 18 years of age and over.
Arrest	a measure of law enforcement activity by which an individual is detained in legal custody.
Arson	willful or malicious burning with or without intent to defraud, includes attempts.
Assault	the unlawful attack by one person upon another for the purpose of inflicting severe bodily injury, including attempts. Attempted homicide is listed as an aggravated assault.
Burglary	unlawful entry of a structure to commit a felony or theft.
Central City	a city with at least 50,000 residents.
City Strata	a breakdown of cities according to population.
Clearance	a measure of law enforcement activity which shows that a crime has been solved for a crime reporting purposes either by the arrest of a suspect or by exceptional means. Exceptional means provides a solution to a crime when there is enough evidence to place a formal charge against an offender, but some element beyond law enforcement control precludes an actual arrest. It is possible for one arrest to clear more than one offense.
Clearance Rate	the clearance rate is achieved by taking the number of clearances over the number of crimes reported.
Crime Rate	a measure of criminal activity which shows the number of crimes reported per 100,000 residents.
Criminal Activity	measured by reported crimes, trends, rates.
Forcible Entry	offenses in which force of any kind is used to unlawfully enter a structure for the purpose of committing a theft or felony.
Hierarchy of Offenses	whenever more than one offense is committed simultaneously, the most severe offense is reported to UCR. The exception is arson which is always reported along with the most serious offense.
Homicide	the willful killing of another as based on police investigation.
Incident Based Reporting System (IBR)	a voluntary crime reporting system developed by ACJIC as an alternative to the UCR Summary Program.
Juveniles	the UCR system defines juveniles as males and females 17 years of age and younger.
Larceny	unlawful taking or stealing of property or articles without the use of force, violence or fraud, i.e., pocket picking, purse snatching, shoplifting, theft from vending machines, etc.
Law Enforcement Activity	police activity as measured by clearances and arrests.
Minimal Injury	personal injury involving abrasions, minor lacerations requiring no more than usual first-aid treatment.

Term	Definition
Motor Vehicles	automobiles, trucks, buses, motorcycles, etc.
Motor Vehicle Theft	The unlawful taking or stealing of a motor vehicle, including attempts.
Non-Residence	any structure used for purposes other than a residence.
Part I Index Crimes	a category of UCR offenses deemed more serious and/or most frequent. The Part I Index Crimes include homicide, rape, robbery, aggravated assault, burglary, larceny, motor vehicle theft, and arson.
Part II Offenses	<p>a category of UCR offenses which include:</p> <p><b>Assaults (Simple):</b> non-aggravated assaults.</p> <p><b>Forgery and Counterfeiting</b> - making, altering, uttering, or possessing with intent to defraud, anything false which is made to appear true, includes attempts.</p> <p><b>Fraud:</b> fraudulent conversion and obtaining money or property by false pretenses.</p> <p><b>Embezzlement:</b> misappropriation or misapplication of money or property entrusted to one's care, custody, or control.</p> <p><b>Stolen Property:</b> buying, receiving, and possessing stolen property, includes attempts.</p> <p><b>Vandalism:</b> willful or malicious destruction, injury, disfigurement or defacement of property without the consent of the owner or person having custody or control.</p> <p><b>Weapons:</b> all violations of regulations or statutes controlling the carrying, using, possessing, furnishing and manufacturing of deadly weapons or silencers, includes attempts.</p> <p><b>Prostitution and Commercialized Vice:</b> sex offenses of a commercial nature.</p> <p><b>Sex Offenses (Other):</b> statutory rape, offenses against chastity, common decency, morals, etc.</p> <p><b>Narcotic Drug Laws:</b> offenses relating to narcotics, i.e., possession, sale, use, growing and manufacturing of narcotic drugs.</p> <p><b>Gambling:</b> promoting, permitting, or engaging in illegal gambling.</p> <p><b>Offenses Against the Family and Children:</b> non-support, neglect, desertion, or abuse of family and children.</p> <p><b>Driving Under the Influence:</b> driving or operating any motor vehicle or common carrier while drunk or under the influence of liquor or narcotics.</p> <p><b>Liquor Laws:</b> violations of state or local liquor laws.</p> <p><b>Drunkennes:</b> drunkenness or intoxication.</p> <p><b>Disorderly conduct:</b> breach of the peace.</p> <p><b>Vagrancy:</b> begging, loitering, etc.</p> <p><b>All other offenses:</b> all violations of state or local laws, except categories mentioned above, Part I Offenses, and traffic violations. Including, but not limited to bigamy, blackmail, bribery, contempt of court, discrimination, perjury, possession and/or sale of obscene material, quarantine violations, etc.</p>

Term	Definition
Property Crimes	(non-violent crimes) index crimes which lack the aspect of force and/or bodily harm to the victim(s). Included in this category are burglary, larceny, motor vehicle theft, and arson.
Recovery	finding stolen property. It should be noted that a recovered article does not clear a crime, although the owner is reunited with his property a crime was committed and a suspect must be taken into custody to clear the offense.
Reported Crimes	crimes reported to law enforcement officials. <i>Note: In this report, only those offenses which prove to be actual offenses are used. Those cases which have been deemed unfounded are excluded from the crime totals.</i>
Residence	any dwelling structure used for human habitation.
Robbery	stealing or taking anything from the care, custody, or control of a person, in his presence, by force or by threat of force, including attempts. Robbery is broken down into seven categories: <b>Highway:</b> robberies occurring on the streets, in alleys, outside of structures. <b>Commercial House:</b> hotels, motels, lodging houses, etc. <b>Gas or Service Stations:</b> sell gasoline and related products. <b>Convenience Stores:</b> neighborhood stores which specialize in the sale of consumable items. <b>Residence:</b> robberies occurring in a dwelling or on the premises. <b>Banking Establishments</b> - banks, savings & loan institutions, credit unions, etc. <b>Miscellaneous:</b> churches, temples, schools, union halls, government buildings, public transit systems, etc.
Serious Injury	personal injury is considered serious if there are broken bones, internal injuries, or if stitches are required.
Uniform Crime Reports	standardized reporting forms used by law enforcement officials to report criminal activity within their jurisdiction.
Uniform Crime Reporting System	official state repository of the Uniform Crime Reports and Incident Reporting forms and provides for the collection and dissemination of crime data.
Unlawful Entry	involves no force and is achieved by use of an unlocked door or window. The element of trespass is essential.
Urbanized Areas	incorporated or unincorporated places of 2,500 or more inhabitants.
Violent Crimes	index crimes which are offenses perpetrated against a person (or persons) with a high risk of injury or death to the victim. Crimes included in this category are homicide, rape, robbery, and assault.

## Total Index Crime

---

Alabama's Total Index Crime is comprised of the Part I Offenses of Homicide, Rape, Robbery, Assault, Burglary, Larceny, Motor Vehicle Theft, and Arson.\* Both offense and arrest data are collected for these Part I crimes.

### Alabama Crime - 2012 Summary Offense Data

- There were **181,752** crimes reported in 2012, a 5% decrease from 2011.
- The crime rate for the state was **3,769.2** per 100,000 inhabitants.
- On a daily average, there were **498** Part I offenses reported.
- The total property value stolen in 2012 was **\$215,059,728**; **12 percent** was recovered.
- There were **206** Law Enforcement Officers assaulted in 2012. **35 percent** of these officers received serious injuries and **65 percent** received minimal or no injuries. On the average, less than one officer was assaulted per day in 2012.

### Total Crime Trends - 2008-2012

Year	Total Crimes	Clearance	Clearance Rate
2008	201,880	37,525	19%
2009	189,857	36,666	19%
2010	178,741	30,437	17%
2011	191,318	43,062	23%
2012	181,752	42,492	23%
<b>Average</b>	<b>188,710</b>	<b>38,036</b>	<b>20%</b>

\*In order to keep crime statistics meaningful, Arson data will not be included in Part I totals or Property Crime totals. A separate section on Arson is included in this report.

## *State of Alabama Crime Trends 2008 – 2012*

	2009	10,604	-16%	225.2	-17%
	2010	10,091	-5%	211.1	-6%
	2011	10,277	2%	214.0	1%
	2012	9,248	-10%	191.8	-10%

\* The Rape data reported during 2012 represents rapes collected under the FBI's traditional definition of rape, in which rape rates are based on female population only for UCR purposes.

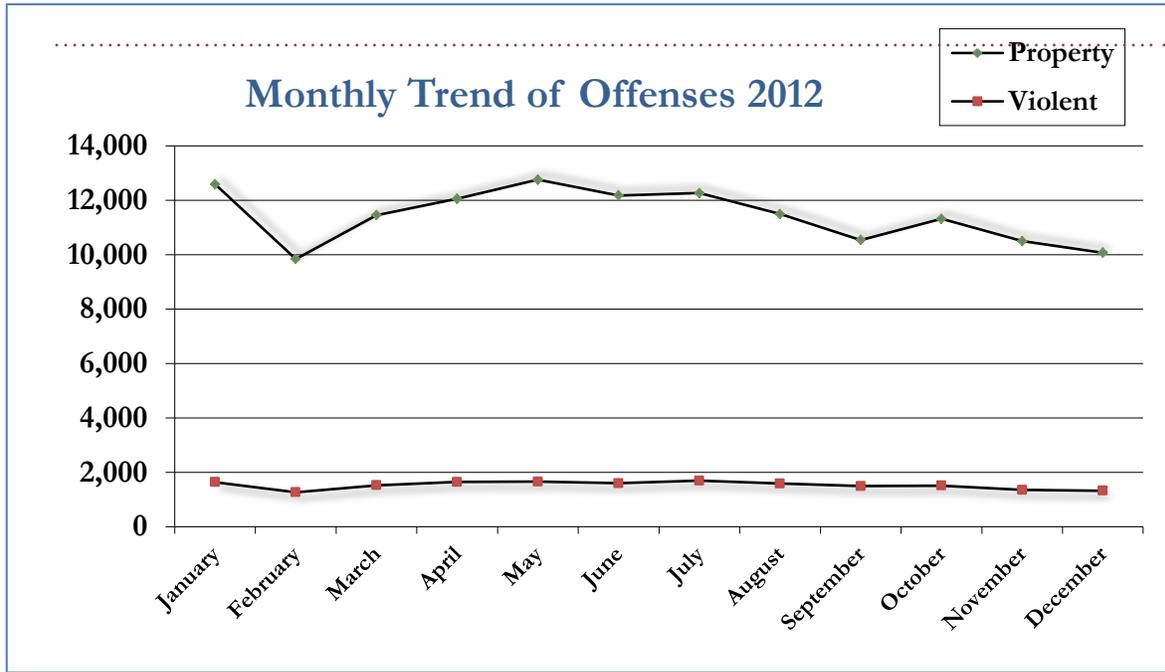

ACJIC anticipates *Crime in Alabama 2013* will include rapes reported under the FBI's Uniform Crime Reporting (UCR) program newly expanded rape definition, which will include reports involving male and female victims and other forms of sexual assault.

## Part I Crime Trends 2008 - 2012

## Monthly Trend of Offenses 2012

Month	Total	Violent	Property
January	14,238	1,642	12,596
February	11,112	1,270	9,842
March	12,980	1,527	11,453
April	13,708	1,650	12,058
May	14,420	1,662	12,758
June	13,783	1,601	12,182
July	13,968	1,698	12,270
August	13,085	1,590	11,495
September	12,042	1,500	10,542
October	12,838	1,517	11,321
November	11,855	1,356	10,499
December	11,401	1,327	10,074
Unknown	26,322	2,523	23,799
<b>Total</b>	<b>181,752</b>	<b>20,863</b>	<b>160,889</b>

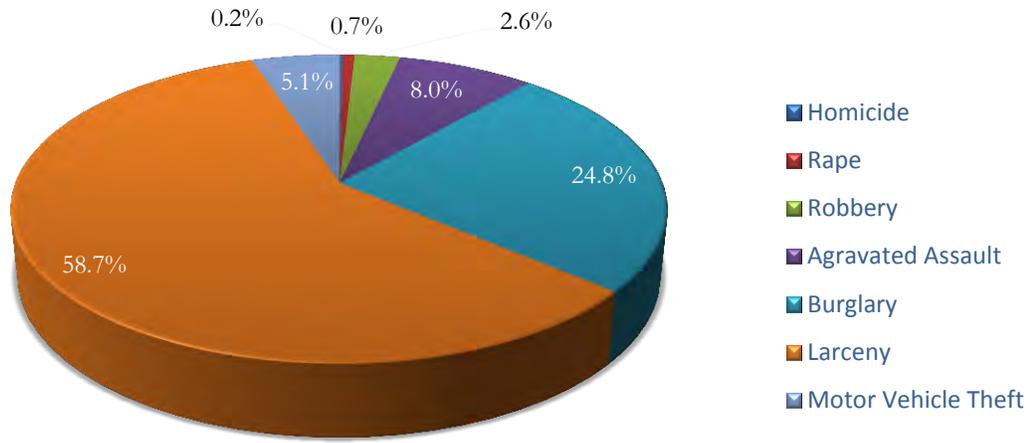

## *Clearance and Arrest Data*

- There were **42,492** clearances in 2012, providing a clearance rate of **23 percent**.
- A total of **29,960** persons were arrested for Part I offenses during 2012.\* Part I arrests made up **16 percent** of all arrests in Alabama in 2012.
- Juveniles made up **10 percent** of the Part I arrests, and males made up **66 percent** of persons arrested for Part I offenses reported in Alabama during. **45 percent** of those arrested for Part I offenses were black, and **55 percent** were white.
- A total of **151,828** people were arrested for Part II offenses during 2012. **4 percent** of the Part II arrests were juveniles, and males made up **73 percent** of the Part II arrests. Whites made up **62 percent** and blacks made up **38 percent** of the Part II arrests.
- A total of **10,960** people were arrested for narcotic drug violations during 2012. **21 percent** were for violations involving narcotic drug sale and **79 percent** for narcotic drug possession violations. **97 percent** of the individuals arrests for narcotic drug violations were adult and **3%** juvenile.
- There were **26,852** people arrested for alcohol violations in 2012: **44 percent** were arrested for driving under the influence; **18 percent** were arrested for liquor law violations; and **38 percent** for public drunkenness. **97 percent** of the alcohol arrests were adults and **3 percent** were juveniles.

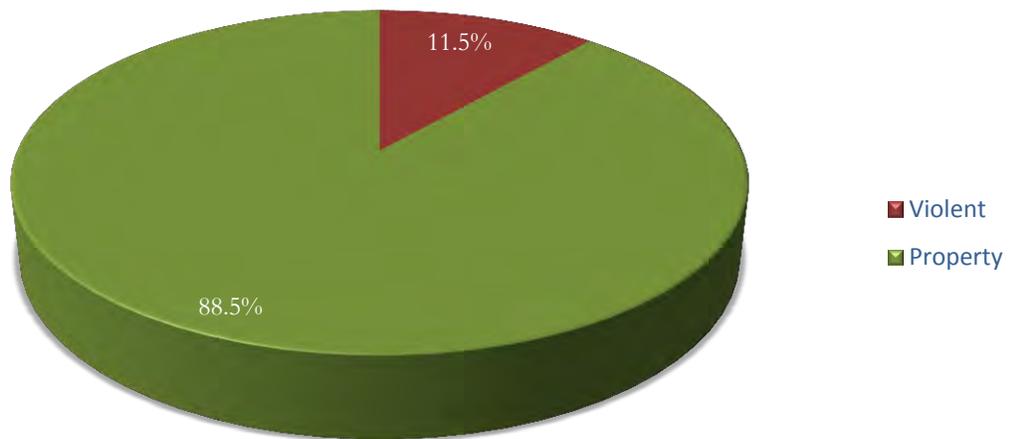

### **Offenses and Clearances** \*Does not include Arson arrests.

	<b>Offense</b>	<b>Clearance</b>	<b>Clearance Rate</b>
Homicide	325	188	58%
Rape	1,264	499	40%
Robbery	4,795	1,804	38%
Aggravated Assault	14,479	6,462	45%
Burglary	44,989	6,448	14%
Larceny Theft	106,652	25,020	24%
Motor Vehicle Theft	9,248	2,071	22%
<b>Total</b>	<b>181,752</b>	<b>42,492</b>	<b>23%</b>
Violent	20,863	8,953	43%
Property	160,889	33,539	21%

## Part I Offenses - 2012 (By Crime)

## Part I Offenses - 2012 (By Crime Type)

## Total Part I Arrests by Age 2012

## *Homicide*

---

Murder and non-negligent manslaughter is the willful (non-negligent) killing of one human being by another. Not included in the count for this offense classification are deaths caused by negligence, suicide, accident, justifiable homicides which are the killings of felons by law enforcement officers in the line of duty or by private citizens; and attempts to murder or assaults to murder, which are scored as aggravated assaults.

### **Homicide Summary 2012**

- There were **325** homicides in Alabama in 2012 representing a **5 percent** increase from 2011.
- The homicide rate was **6.7** per 100,000 inhabitants, with an average of less than **1** homicide per day. **188** homicides were cleared for a **58 percent** clearance rate.
- There were **281** persons arrested for homicide: **7 percent** were juveniles; **88 percent** were males; and **40 percent** were white.
- The age group with the greatest number of homicide victims was 24-29, comprising **24 percent** of the homicide victims. **28 percent** had black victims and black offenders; **19 percent** had white victims and white offenders, **1 percent** black victim and white offender, **3 percent** white victim and black offender, and in **49 percent**, the race of the offender was unknown.
- Handguns were used in **62 percent** of all homicides, knives in **11 percent**, hands, fists or feet in **7 percent**, and other firearms, such as rifles and shotguns, in **5 percent**.
- **14 percent** of homicide victims were related to the offender, and **23%** were acquainted with the offender. **4 percent** of the victims were killed by strangers and in **59%** the relationship was unknown. In **4 percent** of all homicides the victim and offender were boyfriend/girlfriend, and **7 percent** of all homicides were domestic in 2012.
- **34%** of the homicides were a result of an argument, **23 percent** of the homicides occurred during the commission of a felony, and in **43 percent** of the homicides the circumstances were unknown.

## Rape

---

Data reported in this publication represents rapes collected under the traditional FBI UCR program definition of rape, which is the carnal knowledge of a female through force or the threat of force, including attempts. ACJIC anticipates that *Crime in Alabama 2013* will include rapes reported under the FBI's Uniform Crime Reporting (UCR) program newly expanded rape definition, which will include reports involving male and female victims and other forms of sexual assault.

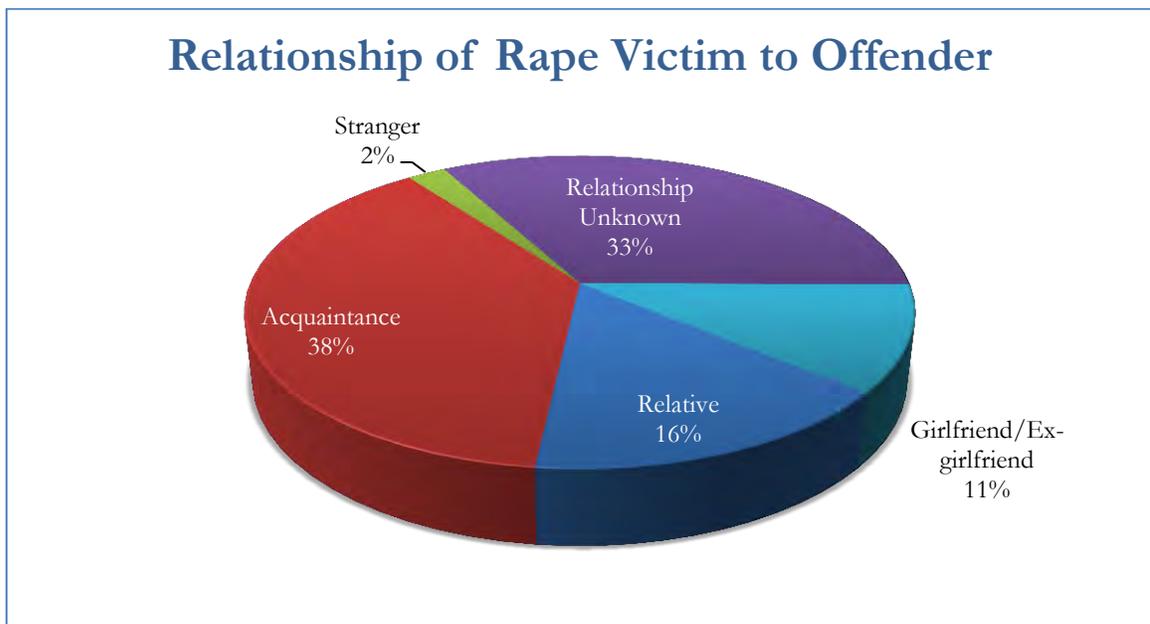

- **1,264** rapes were reported in Alabama in 2012. This is a **10 percent** decrease from 2011.
- The rape rate was **50.4** per 100,000 females.
- **499** rapes were cleared for a **40 percent** clearance rate.
- On the average, there were **3.5** rapes reported per day in 2012.
- **307** persons were arrested for rape with **6%** being juveniles. White males made up **56 percent** of rape arrests.
- **47 percent** of the rape victims in Alabama were white females; **22 percent** were black females, and **31 percent** were other or unknown. **25 percent** of all rape victims were 13, 14, 15, and 16-year-olds.
- In **65 percent** of the rapes, the victim and offender knew or were related to each other; in **2 percent** the victim and offender were strangers; and in **33 percent** the relationship was unknown.
- **37 percent** of the rapes involved a white victim and white offender; **8 percent** a white victim and black offender; **20 percent** a black victim and black offender; **2 percent** a black victim and white offender. In **33 percent** the race of the offender was unknown or other.
- In **82 percent** of the rapes, hand, fists and/or verbal threats were used to exert force upon a victim; guns were used in **3 percent**, and knives in **3 percent** of the rapes.
- **79 percent** of the rapes occurred in a residence; **3 percent** in a highway, street or alley; **2 percent** in a hotel or motel; and **3 percent** in a field or woods.

2011	10,277	2,416	23%
2012	9,248	2,071	22%
<b>Average</b>	<b>10,584</b>	<b>1,978</b>	<b>19%</b>

## Arson

Arson is the willful or malicious burning with or without intent to defraud, includes attempts. It should be noted that the hierarchy rule does not apply to arson, meaning that any offense(s) committed in conjunction with arson results in the most serious offense, as well as the arson incident, being reported to UCR.

- A total of **919** arsons were reported in 2012. This represents a **13 percent** decrease from 2011. **58 percent** were structural arsons, **25 percent** were motor vehicles and other mobile property, and **17 percent** were other.
- There were **172** arsons cleared in 2012 for a **19 percent** clearance rate.
- On the average, there were **2.5** arsons reported per day.
- There were **187** people arrested for arson: **8 percent** were juveniles; **80 percent** were males; and **66 percent** were white.
- In **6 percent** of the structural arsons, the building was uninhabited or not normally in use.
- The total value of property damaged or destroyed by arson amounted to **\$40,027,126**. Structural arsons amounted to **\$36,659,983** for an average of **\$68,910** per incident. Arson of mobile property amounted to **\$2,726,563** in damages for an average of **\$11,702** per incident. Arson of other property caused **\$640,580** in damages for an average of **\$4,160** per incident.

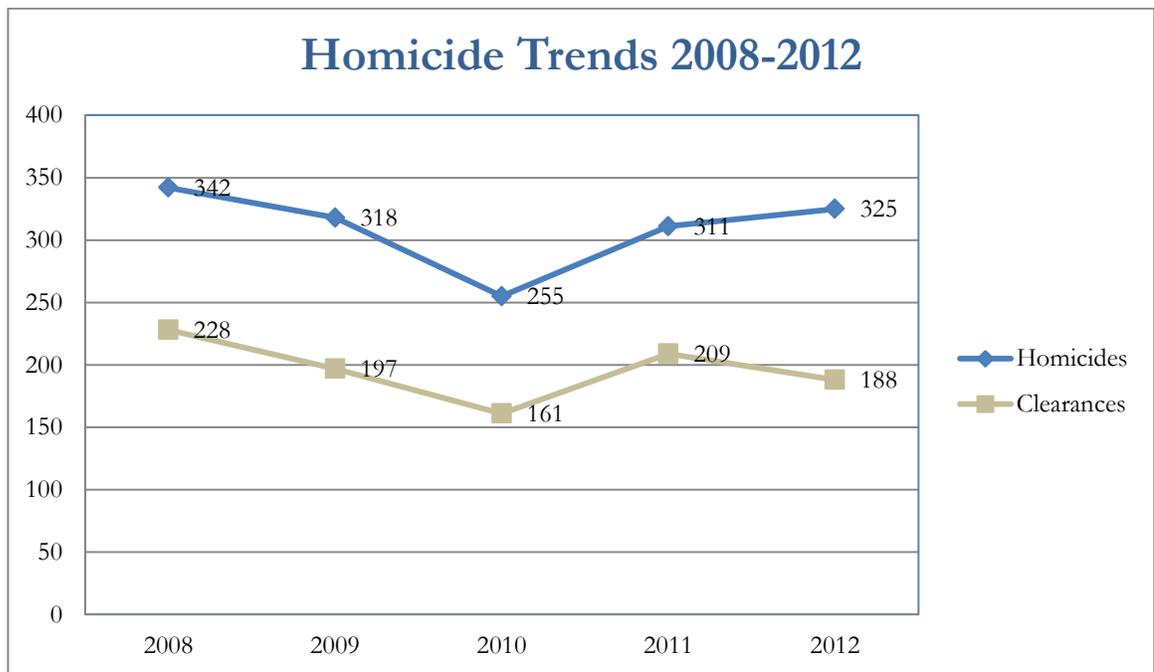

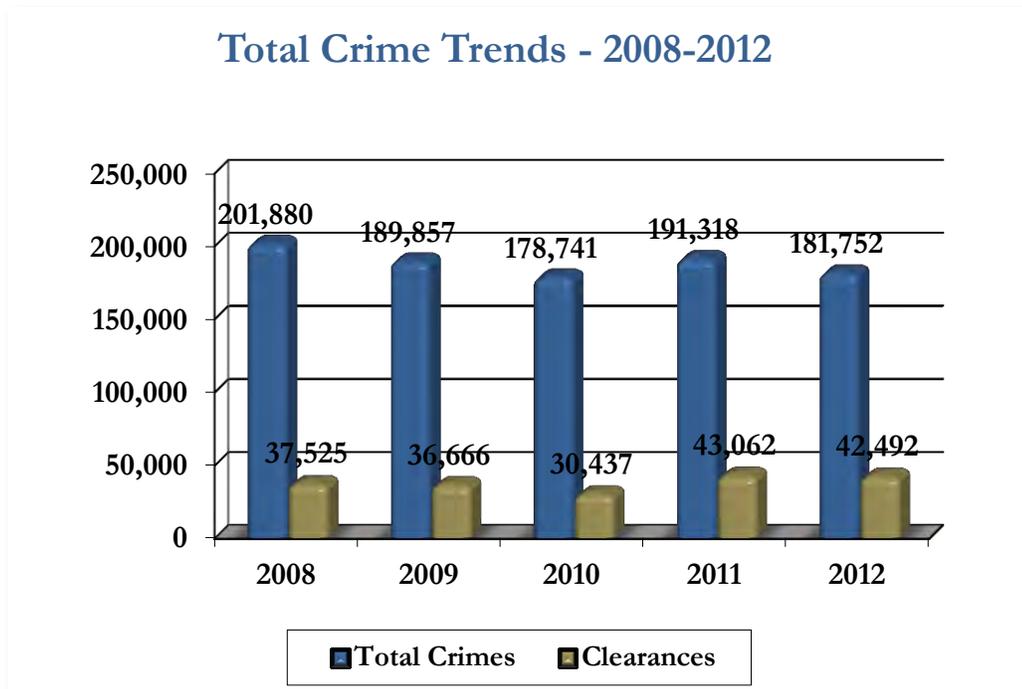

### Arson Trends 2008-2012

## Crime Trends from 2008-2012

## *Part II Arrest Data*

---

Part II Offenses include crimes other than those defined as Part I Offenses. The nature of many Part II Offenses is such that they go undetected until an arrest is made; therefore, for UCR purposes, only arrest data is collected.

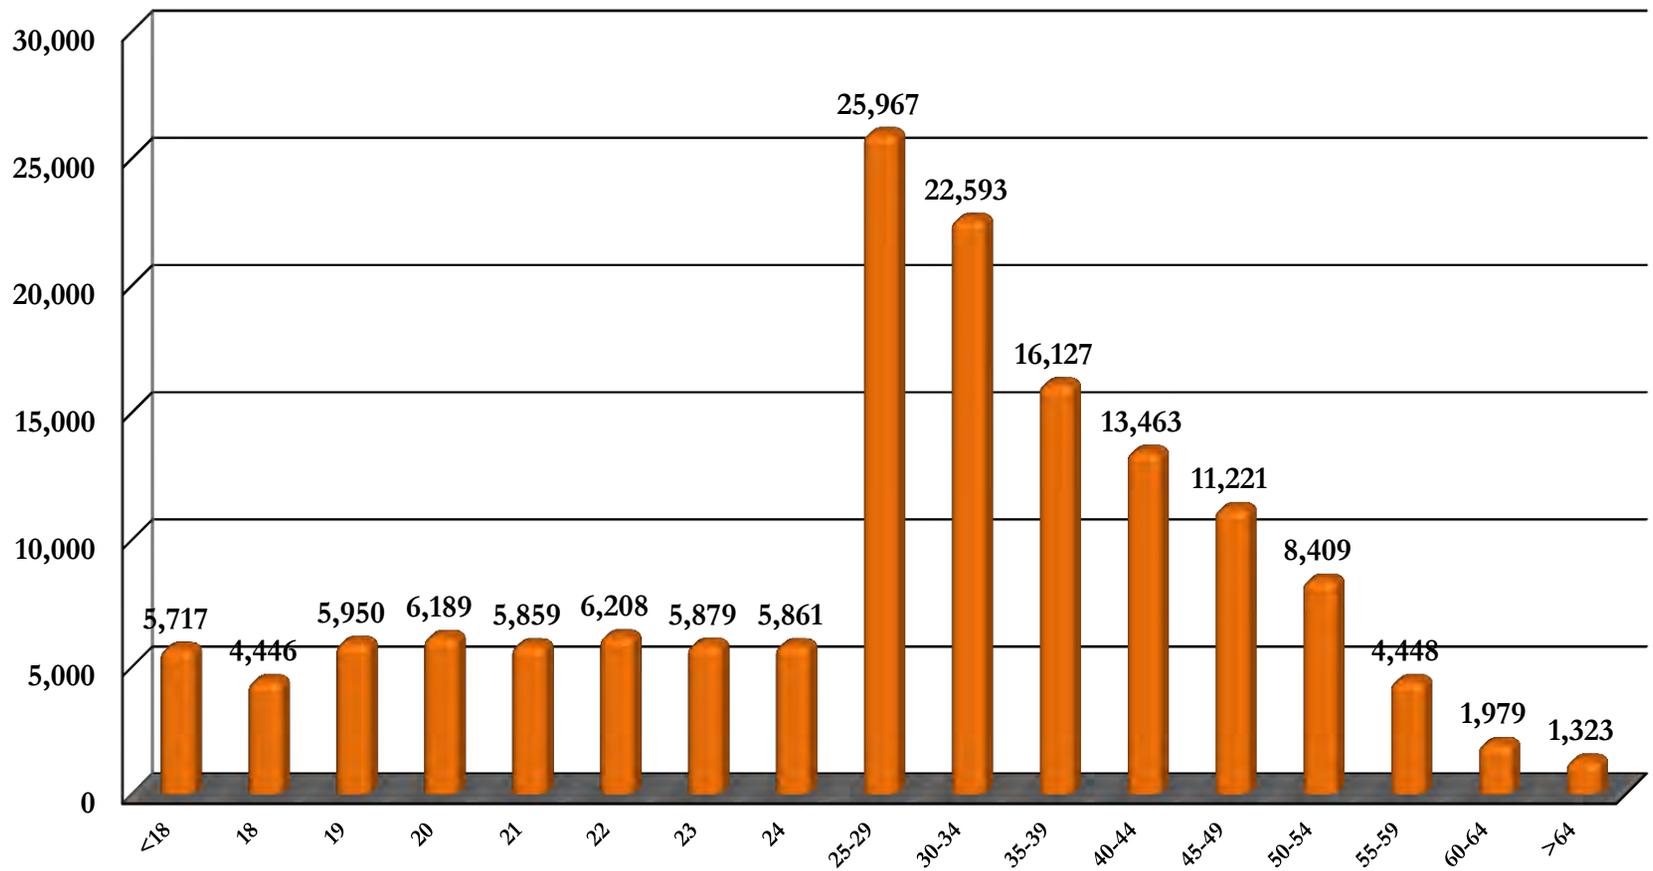

- A total of **151,828** persons were arrested in Alabama in 2012 for Part II offenses (includes arson arrests).
- This is an increase of **14 percent** from 2011's figure of 133,314.
- **62 percent** of Part II arrestees were white and **38 percent** were black.
- **96 percent** of the Part II arrests were adults.
- Males made up **73 percent** of Part II arrests.
- Liquor violations (DUI, drunkenness, liquor laws violations) made up **18 percent** of the Part II arrests. Narcotics violations made up **7 percent** of the Part II arrests.

<b>Part II Offenses include:</b>	
<b>Other assaults</b>	non aggravated assaults.
<b>Forgery and counterfeiting</b>	making, altering, uttering, or possessing with intent to defraud, anything false which is made to appear true, includes attempts.
<b>Fraud</b>	fraudulent conversion and obtaining money or property by false pretenses.
<b>Embezzlement</b>	misappropriation or misapplication of money or property entrusted to one's care, custody, or control.
<b>Stolen property</b>	buying, receiving, and possessing stolen property, includes attempts.
<b>Vandalism</b>	willful or malicious destruction, injury, disfigurement or defacement of property without the consent of the owner or person having custody or control.
<b>Weapons</b>	all violations of regulations or statutes controlling the carrying, using, possessing, furnishing and manufacturing of deadly weapons or silencers, includes attempts.
<b>Prostitution and commercialized vice</b>	sex offenses of a commercial nature.
<b>Sex offenses (other than rape, prostitution, and commercialized vice)</b>	statutory rape, offenses against chastity, common decency, morals, etc.
<b>Narcotic drug laws</b>	offenses relating to narcotics, i.e., possession, sale, use, growing and manufacturing of narcotic drugs.
<b>Gambling</b>	promoting, permitting, or engaging in illegal gambling.
<b>Offenses against the family and children</b>	non support, neglect, desertion, or abuse of family and children.
<b>Driving under the influence</b>	driving or operating any motor vehicle or common carrier while under the influence of liquor or narcotics.
<b>Liquor laws</b>	violations of state or local liquor laws.
<b>Drunkenness</b>	drunkenness or intoxication.
<b>Disorderly conduct</b>	breach of the peace.
<b>Vagrancy</b>	begging, loitering, etc.
<b>All other offenses</b>	all violations of state or local laws, excepting categories mentioned above, Part I Offenses, and traffic violations. Including, but not limited to bigamy, blackmail, bribery, contempt of court, discrimination, perjury, possession or sale of obscene material, quarantine violations, etc.

## Part II Arrests by Age - 2012

### Liquor Violations

- There were **26,852** people arrested for alcohol violations in 2012.
- **11,860** people were arrested for DUI with **99 percent** being 18 and over. **77 percent** of the DUI arrests were males, **75 percent** of DUI arrests were white.
- There were **4,802** people arrested for liquor laws violations (bootlegging, buying or selling to minors, etc.) **16 percent** were juveniles, **78 percent** were males and **82 percent** were white.
- There were **10,190** people arrested in 2012 for public drunkenness. **1 percent** were juveniles, **82 percent** were males and **75 percent** were white.

### Drug Abuse Violations

Drug abuse violations involve the illegal sale, possession, manufacture, use, cultivation, etc. of narcotic and non-narcotic drugs.

**Illegal drugs are divided into four categories:**

1. Opium or cocaine and their derivatives such as morphine, heroin, codeine, and "crack".
2. Marijuana.
3. Synthetic narcotics which are manufactured narcotics which cause true drug addiction such as demerol and methadone.
4. Dangerous non-narcotic drugs which include barbiturates, amphetamines and methamphetamine.

- There were **10,960** persons arrested for drug violations, **21 percent** were for sale of drugs and **79 percent** were for possession.
- **3 percent** of the drug arrests were juveniles, **77 percent** were males and **57 percent** were white.
- Marijuana possession resulted in the greatest number of arrests for drug violations, **3,122** for **29 percent** of the drug arrests. Possession of cocaine resulted in **2,038** arrests, or **19 percent** of all drug arrests.

## Law Enforcement Employee Data

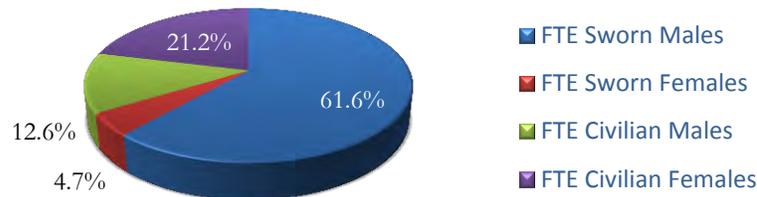

---

### Statewide

There were 404 law enforcement agencies\* in Alabama in 2012 that employed approximately 17,469 law enforcement personnel - 11,576 sworn and 5,893 civilian. Considering only sworn employees, this provides a ratio of 2.4 officers per 1,000 population in Alabama. The national average approximates 2 officers per 1,000 population.

<b>Total Personnel (sworn and civilian)</b>	<b>17,469</b>
Full Time Sworn Males	10,755
Full Time Sworn Females	821
Full Time Civilian Males	2,195
Full Time Civilian Females	3,698

**Total Law Enforcement Personnel  
(Sworn and Civilian)**

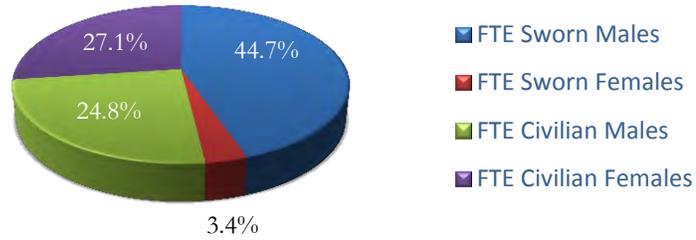

### County Sheriff's Offices

There are 67 county sheriff's offices in Alabama employing a total of 5,416 employees.

<b>Total Personnel (sworn and civilian)</b>	<b>5,416</b>
Full Time Sworn Males	2,422
Full Time Sworn Females	183
Full Time Civilian Males	1,343
Full Time Civilian Females	1,468

**Full Time Sheriffs' Office Personnel**

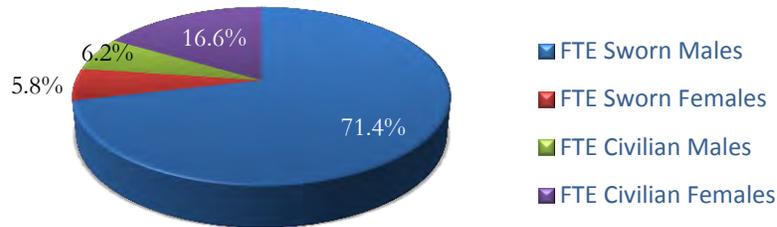

**City Police Departments**

Three-hundred and eight city police departments in Alabama reported employing a total of 9,679 employees.

<b>Total Personnel (sworn and civilian)</b>	<b>9,679</b>
Full Time Sworn Males	6,908
Full Time Sworn Females	562
Full Time Civilian Males	600
Full Time Civilian Females	1,609

**Full Time City Police Department Personnel**

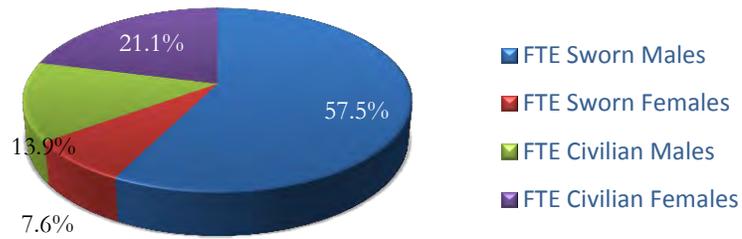

**University Police Departments**

There are 17 university police departments or campus security agencies in Alabama that reported employing a total of 534 employees.

<b>Total Personnel (sworn and civilian)</b>	<b>555</b>
Full Time Sworn Males	319
Full Time Sworn Females	42
Full Time Civilian Males	77
Full Time Civilian Females	117

### Full Time University Police Department Personnel

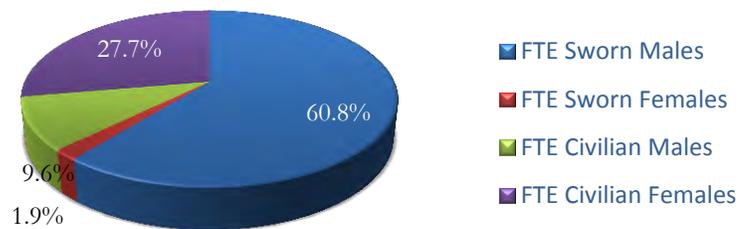

### Other Law Enforcement Agencies

Twelve other agencies in Alabama and two drug task force units reported employing a total of 1,819 law enforcement employees.

Total Personnel (sworn and civilian)	1,819
Full Time Sworn Males	1,106
Full Time Sworn Females	34
Full Time Civilian Males	175
Full Time Civilian Females	504

### Full Time Personnel Other Law Enforcement Agencies

\*Data used in this section was obtained from the employee data sheets submitted by law enforcement agencies to UCR. Over 99% of Alabama's law enforcement agencies completed this form. Please note that there are more law enforcement agencies than reporting agencies. This is because many small agencies report crime through the county sheriff's office.

## *Officers Killed or Assaulted*

---

### ***Killed***

In 2012, **two** full-time, sworn law enforcement officers were killed due to a felonious act in the line of duty in Alabama.

February 3, 2012      An officer with the Mobile Police Department died after being stabbed by a prisoner he was transporting to jail.

November 23, 2012    A deputy with the Baldwin County Sheriff's Office was shot and killed while responding to a domestic violence call.

### ***Assaulted***

In 2012 there were **206** law enforcement officers assaulted in the line of duty. **73** officers, or **35 percent**, received serious injuries. The remainder received minimal or no injuries.

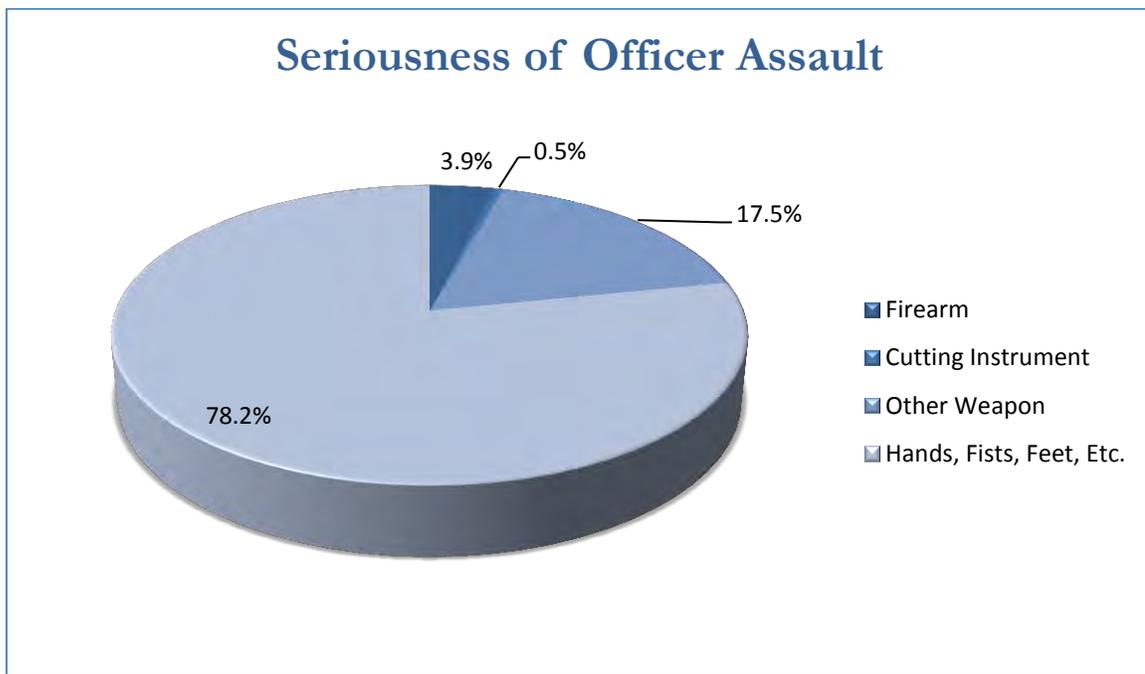

Hands, fists or feet were used in **161** assaults or **78 percent** of the incidents. Firearms were used in **8** cases or **4 percent**.

Responding to a disturbance call was the most dangerous police activity, resulting in **24 percent** of the assaults. The next most dangerous activity was attempting other arrests, resulting in **20 percent** of the assaults.

**82 percent** of the assaults on police officers were cleared.

## Seriousness of Officer Assaults

Seriousness	Firearm	Cutting Instrument	Other Weapon	Hands, Fists, Feet, etc.
With Injury	3	0	17	53
% of Total Assaults	2%	0%	9%	26%
Without Injury	5	1	19	108
% of Total Assaults	2%	0%	9%	52%

## *Appendix B*

### *2012 Crime by County Report*

Appendix B contains the 2012 Crime by County report. This report gives a breakdown of the seven index offenses by each agency reporting UCR data during 2012, and also includes the composite county totals and rates.

The Alabama Criminal Justice Information Center (ACJIC) implemented incident based reporting system as an alternative to UCR summary reporting in 1977.

On January 1, 2010, the Alabama Criminal Justice Information Center (ACJIC) Commission established a rule requiring electronic submissions of Uniform Crime Reporting (UCR) data. This rule also permits the ACJIC Director to grant an extension of time for submitting reports electronically if conditions exist beyond the control of the local law enforcement agency.

During 2012, three (3) Alabama law enforcement agencies (the Birmingham Police Department, the Mobile Police Department, and the Montgomery Police Department) submitted requests to ACJIC requesting to submit part or all of their 2012 UCR data to ACJIC in a non-electronic (Summary) format due to electronic submission problems. It is important to note that Summary data includes *only* totals of Part I Offenses, with no additional crime details provided due to lack of electronic submission.

These three agencies are currently in the process of resolving their electronic submission problems, and have advised ACJIC of their intent to report a full year of UCR data in the required electronic format for the calendar year of 2013. For more details related to these summary submissions, please contact these law enforcement agencies directly.

**Appendix B**

**COUNTY-BY-COUNTY Breakdown  
of Reported 2012 Part I Offenses**

The data listed below provides a COUNTY-BY-COUNTY breakdown of the number of Part I offenses reported by law enforcement agencies in that county reported to the Alabama Criminal Justice Information Center (ACJIC) during 2012. Part I offenses include the seven index offenses of homicide, rape, robbery, assault, burglary, larceny/theft and motor vehicle theft. Also included are the composite county totals, and rates of these crimes per 100,000 residents. *Note: Smaller "covered by" agencies which report UCR to ACJIC through their County Sheriff's Office are included in the UCR data reported by that Sheriff's office.*

**COUNTY-BY-COUNTY Breakdown  
of Reported 2012 Part I Offenses**

The data listed below provides a COUNTY-BY-COUNTY breakdown of the number of Part I offenses reported by law enforcement agencies in that county reported to the Alabama Criminal Justice Information Center (ACJIC) during 2012. Part I offenses include the seven index offenses of homicide, rape, robbery, assault, burglary, larceny/theft and motor vehicle theft. Also included are the composite county totals, and rates of these crimes per 100,000 residents. *Note: Smaller "covered by" agencies which report UCR to ACJIC through their County Sheriff's Office are included in the UCR data reported by that Sheriff's office.*

**COUNTY-BY-COUNTY Breakdown  
of Reported 2012 Part I Offenses**

The data listed below provides a COUNTY-BY-COUNTY breakdown of the number of Part I offenses reported by law enforcement agencies in that county reported to the Alabama Criminal Justice Information Center (ACJIC) during 2012. Part I offenses include the seven index offenses of homicide, rape, robbery, assault, burglary, larceny/theft and motor vehicle theft. Also included are the composite county totals, and rates of these crimes per 100,000 residents. *Note: Smaller "covered by" agencies which report UCR to ACJIC through their County Sheriff's Office are included in the UCR data reported by that Sheriff's office.*

**COUNTY-BY-COUNTY Breakdown  
of Reported 2012 Part I Offenses**

The data listed below provides a COUNTY-BY-COUNTY breakdown of the number of Part I offenses reported by law enforcement agencies in that county reported to the Alabama Criminal Justice Information Center (ACJIC) during 2012. Part I offenses include the seven index offenses of homicide, rape, robbery, assault, burglary, larceny/theft and motor vehicle theft. Also included are the composite county totals, and rates of these crimes per 100,000 residents. *Note: Smaller "covered by" agencies which report UCR to ACJIC through their County Sheriff's Office are included in the UCR data reported by that Sheriff's office.*

The data listed below provides a COUNTY-BY-COUNTY breakdown of the number of Part I offenses reported by law enforcement agencies in that county reported to the Alabama Criminal Justice Information Center (ACJIC) during 2012. Part I offenses include the seven index offenses of homicide, rape, robbery, assault, burglary, larceny/theft and motor vehicle theft. Also included are the composite county totals, and rates of these crimes per 100,000 residents. *Note: Smaller "covered by" agencies which report UCR to ACJIC through their County Sheriff's Office are included in the UCR data reported by that Sheriff's office.*

## *Appendix C*

### *2012 Crime by County Report*

Appendix C contains the Part I Offense percentage increase/decrease from 2011 to 2012, and 2012 Part I Offense clearance data, reported to ACJIC for Uniform Crime Reporting (UCR) purposes by individual municipal (city) police departments, county sheriff's offices, and university police departments throughout Alabama.

The Alabama Criminal Justice Information Center (ACJIC) implemented incident based reporting system as an alternative to UCR summary reporting in 1977. On January 1, 2010, the Alabama Criminal Justice Information Center (ACJIC) Commission established a rule requiring electronic submissions of Uniform Crime Reporting (UCR) data. This rule also permits the ACJIC Director to grant an extension of time for submitting reports electronically if conditions exist beyond the control of the local law enforcement agency.

**City and University/College agency data is presented first** and reflects percent increase or decrease over the prior year, followed by a section on clearance data.

The percentage change in UCR offenses reported to ACJIC in 2012, when compared to those reported in 2011, by City or University/College Police Department can be found on pages 108-182.

The number of the reported 2012 Part I offenses which were cleared by the agency can be found on pages 183-229.

**County sheriff's department data follows the section on City data,** and also reflect percent increase or decrease over prior year and clearance data.

The percentage change in UCR offenses reported to ACJIC in 2012, when compared to those reported in 2011, by County Sheriff's Offices can be found on pages 230-238.

The number of the reported 2012 Part I offenses which were cleared by the County Sheriff's Offices can be found on pages 239-248.

**Appendix C**

**County Data: Percentage of Change in Part I Offenses reported by CITY/UNIVERSITY POLICE DEPARTMENTS**

The tables provided below indicate the percentage of change in the increase or decrease of 2012 Part I crimes reported by CITY and/or UNIVERSITY/COLLEGE POLICE DEPARTMENTS to the Alabama Criminal Justice Information Center (ACJIC) for UCR purposes, when compared to the number reported during 2011. These tables group cities according to population numbers provided to ACJIC by the FBI for the reporting year of 2012. In accordance national UCR standards and the FBI's hierarchy of offenses, the most severe offense is reported whenever more than one offense is committed simultaneously. The exception is *Arson*, which is always reported *along with* the most serious offense.

If a number is provided in parentheses next to the YEAR, this number indicates the number of months the agency reported UCR to ACJIC for that year (if less than 12 months of data was reported).

**Appendix C**

**County Data: Percentage of Change in Part I Offenses  
reported by CITY/UNIVERSITY POLICE DEPARTMENTS**

The tables provided below indicate the percentage of change in the increase or decrease of 2012 Part I crimes reported by CITY and/or UNIVERSITY/COLLEGE POLICE DEPARTMENTS to the Alabama Criminal Justice Information Center (ACJIC) for UCR purposes, when compared to the number reported during 2011. These tables group cities according to population numbers provided to ACJIC by the FBI for the reporting year of 2012. In accordance national UCR standards and the FBI's hierarchy of offenses, the most severe offense is reported whenever more than one offense is committed simultaneously. The exception is *Arson*, which is always reported *along with* the most serious offense.

If a number is provided in parentheses next to the YEAR, this number indicates the number of months the agency reported UCR to ACJIC for that year (if less than 12 months of data was reported).

**Appendix C**

**County Data: Percentage of Change in Part I Offenses reported by CITY/UNIVERSITY POLICE DEPARTMENTS**

The tables provided below indicate the percentage of change in the increase or decrease of 2012 Part I crimes reported by CITY and/or UNIVERSITY/COLLEGE POLICE DEPARTMENTS to the Alabama Criminal Justice Information Center (ACJIC) for UCR purposes, when compared to the number reported during 2011. These tables group cities according to population numbers provided to ACJIC by the FBI for the reporting year of 2012. In accordance national UCR standards and the FBI's hierarchy of offenses, the most severe offense is reported whenever more than one offense is committed simultaneously. The exception is *Arson*, which is always reported *along with* the most serious offense.

If a number is provided in parentheses next to the YEAR, this number indicates the number of months the agency reported UCR to ACJIC for that year (if less than 12 months of data was reported).

**Appendix C**

**County Data: Percentage of Change in Part I Offenses reported by CITY/UNIVERSITY POLICE DEPARTMENTS**

The tables provided below indicate the percentage of change in the increase or decrease of 2012 Part I crimes reported by CITY and/or UNIVERSITY/COLLEGE POLICE DEPARTMENTS to the Alabama Criminal Justice Information Center (ACJIC) for UCR purposes, when compared to the number reported during 2011. These tables group cities according to population numbers provided to ACJIC by the FBI for the reporting year of 2012. In accordance national UCR standards and the FBI’s hierarchy of offenses, the most severe offense is reported whenever more than one offense is committed simultaneously. The exception is *Arson*, which is always reported *along with* the most serious offense.

If a number is provided in parentheses next to the YEAR, this number indicates the number of months the agency reported UCR to ACJIC for that year (if less than 12 months of data was reported).

**Appendix C**

**County Data: Percentage of Change in Part I Offenses reported by CITY/UNIVERSITY POLICE DEPARTMENTS**

The tables provided below indicate the percentage of change in the increase or decrease of 2012 Part I crimes reported by CITY and/or UNIVERSITY/COLLEGE POLICE DEPARTMENTS to the Alabama Criminal Justice Information Center (ACJIC) for UCR purposes, when compared to the number reported during 2011. These tables group cities according to population numbers provided to ACJIC by the FBI for the reporting year of 2012. In accordance national UCR standards and the FBI's hierarchy of offenses, the most severe offense is reported whenever more than one offense is committed simultaneously. The exception is *Arson*, which is always reported *along with* the most serious offense.

If a number is provided in parentheses next to the YEAR, this number indicates the number of months the agency reported UCR to ACJIC for that year (if less than 12 months of data was reported).

**Appendix C**

**County Data: Percentage of Change in Part I Offenses reported by CITY/UNIVERSITY POLICE DEPARTMENTS**

The tables provided below indicate the percentage of change in the increase or decrease of 2012 Part I crimes reported by CITY and/or UNIVERSITY/COLLEGE POLICE DEPARTMENTS to the Alabama Criminal Justice Information Center (ACJIC) for UCR purposes, when compared to the number reported during 2011. These tables group cities according to population numbers provided to ACJIC by the FBI for the reporting year of 2012. In accordance national UCR standards and the FBI's hierarchy of offenses, the most severe offense is reported whenever more than one offense is committed simultaneously. The exception is *Arson*, which is always reported *along with* the most serious offense.

If a number is provided in parentheses next to the YEAR, this number indicates the number of months the agency reported UCR to ACJIC for that year (if less than 12 months of data was reported).

**Appendix C**

**City Data: Clearances for reported 2012 Part I Offenses**

The following is an overview of the 2012 vs. 2011 Clearances of Part I offenses reported to ACJIC by City and/or University/College Police Departments for Uniform Crime Reporting (UCR) purposes. A Clearance is a measure of law enforcement activity which shows that a crime has been solved for a crime reporting purposes either by the arrest of a suspect or by exceptional means. Exceptional means provides a solution to a crime when there is enough evidence to place a formal charge against an offender, but some element beyond law enforcement control precludes an actual arrest. It is possible for one arrest to clear more than one offense.

**Appendix C**

**City Data: Clearances for reported 2012 Part I Offenses**

The following is an overview of the 2012 vs. 2011 Clearances of Part I offenses reported to ACJIC by City and/or University/College Police Departments for Uniform Crime Reporting (UCR) purposes. A Clearance is a measure of law enforcement activity which shows that a crime has been solved for a crime reporting purposes either by the arrest of a suspect or by exceptional means. Exceptional means provides a solution to a crime when there is enough evidence to place a formal charge against an offender, but some element beyond law enforcement control precludes an actual arrest. It is possible for one arrest to clear more than one offense.

**City Data: Clearances for reported 2012 Part I Offenses**

The following is an overview of the 2012 vs. 2011 Clearances of Part I offenses reported to ACJIC by City and/or University/College Police Departments for Uniform Crime Reporting (UCR) purposes. A Clearance is a measure of law enforcement activity which shows that a crime has been solved for a crime reporting purposes either by the arrest of a suspect or by exceptional means. Exceptional means provides a solution to a crime when there is enough evidence to place a formal charge against an offender, but some element beyond law enforcement control precludes an actual arrest. It is possible for one arrest to clear more than one offense.

**Appendix C**

**City Data: Clearances for reported 2012 Part I Offenses**

The following is an overview of the 2012 vs. 2011 Clearances of Part I offenses reported to ACJIC by City and/or University/College Police Departments for Uniform Crime Reporting (UCR) purposes. A Clearance is a measure of law enforcement activity which shows that a crime has been solved for a crime reporting purposes either by the arrest of a suspect or by exceptional means. Exceptional means provides a solution to a crime when there is enough evidence to place a formal charge against an offender, but some element beyond law enforcement control precludes an actual arrest. It is possible for one arrest to clear more than one offense.

**City Data: Clearances for reported 2012 Part I Offenses**

The following is an overview of the 2012 vs. 2011 Clearances of Part I offenses reported to ACJIC by City and/or University/College Police Departments for Uniform Crime Reporting (UCR) purposes. A Clearance is a measure of law enforcement activity which shows that a crime has been solved for a crime reporting purposes either by the arrest of a suspect or by exceptional means. Exceptional means provides a solution to a crime when there is enough evidence to place a formal charge against an offender, but some element beyond law enforcement control precludes an actual arrest. It is possible for one arrest to clear more than one offense.

**County Data: Percentage of Change  
in Part I Offenses reported by COUNTY AGENCIES**

The tables provided below indicate the percentage of change in the increase or decrease of 2012 Part I crimes reported by COUNTY SHERIFF'S OFFICES to the Alabama Criminal Justice Information Center (ACJIC) for UCR purposes, when compared to the number reported during 2011. The jurisdictional population numbers were provided to ACJIC by the FBI for the reporting year of 2012. In accordance national UCR standards and the FBI's hierarchy of offenses, the most severe offense is reported whenever more than one offense is committed simultaneously. The exception is *Arson*, which is always reported *along with* the most serious offense.

The number provided in parentheses next to the YEAR indicates the number of months the agency reported UCR to ACJIC for that year, if less than 12 months.

The tables provided below indicate the percentage of change in the increase or decrease of 2012 Part I crimes reported by COUNTY SHERIFF'S OFFICES to the Alabama Criminal Justice Information Center (ACJIC) for UCR purposes, when compared to the number reported during 2011. The jurisdictional population numbers were provided to ACJIC by the FBI for the reporting year of 2012. In accordance national UCR standards and the FBI's hierarchy of offenses, the most severe offense is reported whenever more than one offense is committed simultaneously. The exception is *Arson*, which is always reported *along with* the most serious offense.

The number provided in parentheses next to the YEAR indicates the number of months the agency reported UCR to ACJIC for that year, if less than 12 months.

**County Data: Clearances for reported 2012 Part I Offenses**

The following is an overview of the 2012 vs. 2011 Clearances of Part I offenses reported to ACJIC by COUNTY SHERIFF'S OFFICES for Uniform Crime Reporting (UCR) purposes. A Clearance is a measure of law enforcement activity which shows that a crime has been solved for a crime reporting purposes either by the arrest of a suspect or by exceptional means. Exceptional means provides a solution to a crime when there is enough evidence to place a formal charge against an offender, but some element beyond law enforcement control precludes an actual arrest. It is possible for one arrest to clear more than one offense.

**Appendix C**

**County Data: Clearances for reported 2012 Part I Offenses**

The following is an overview of the 2012 vs. 2011 Clearances of Part I offenses reported to ACJIC by COUNTY SHERIFF'S OFFICES for Uniform Crime Reporting (UCR) purposes. A Clearance is a measure of law enforcement activity which shows that a crime has been solved for a crime reporting purposes either by the arrest of a suspect or by exceptional means. Exceptional means provides a solution to a crime when there is enough evidence to place a formal charge against an offender, but some element beyond law enforcement control precludes an actual arrest. It is possible for one arrest to clear more than one offense.

County Sheriff's Offices		Homicide	Rape	Robbery	Assault	Burglary	Larceny /Theft	Motor Vehicle Theft
